

**PRESS RELEASE
FOR IMMEDIATE RELEASE**

**Ribbon-Cutting: New Support Classroom by The Children's Workshop Foundation
& Child Builders ABA Therapy**

Creating Inclusive Spaces for Young Learners to Thrive

Central Falls, RI, January 2, 2025 – The Children's Workshop Foundation, in collaboration with Child Builders ABA Therapy, is proud to announce the opening of a new support classroom designed to provide specialized care and education for young children. The initiative will be celebrated with a ribbon-cutting event on Tuesday, January 14, 2025, at 1:00 PM.

This innovative classroom is a result of a partnership that combines the strengths of The Children's Workshop's early childhood education expertise and Child Builders' behavioral support services. Together, they aim to create an inclusive environment where children can thrive academically, socially, and emotionally.

The support classroom will serve as a model for integrating high-quality early education with individualized behavior interventions, specifically designed to help children transition back into their regular classrooms. By providing targeted support and resources, the classroom ensures that each child develops the skills and confidence needed to succeed in their typical learning environment.

Event Details:

- **When:** January 14, 2025, 1:00 PM
- **Where:** 151 Hunt Street, Central Falls, RI 02863
- **RSVP:** <https://bit.ly/40i2kb0>

Community members, families, and local media are encouraged to join this special event to tour the new classroom and learn more about this impactful collaboration.

About The Children's Workshop Foundation

The Children's Workshop Foundation is a nonprofit organization dedicated to the growth, development, care, and education of infants and young children. The Children's Workshop provides high-quality early education and care to families in urban, low-income communities throughout Rhode Island and surrounding towns.

About Child Builders ABA Therapy

At Child Builders, we embrace every child's individuality, offering a nurturing path to growth and self-improvement through personalized evidence-based ABA therapy in **Rhode Island** and **Massachusetts**.
